1:00 CFS departs IORC, Pentagon for FBIHQ

5:00 CFS returns to IORC

6:45p CFS briefs MSH on current situation. Three issues are outstanding:

- There are problems with sharing law-enforcement sensitive information with the entire J39 cell and interagency liaison community. (At the last minute, the LEA briefing slide for the 3:30p briefing was pulled as a result of these sensitivities.) b6 b7C
- Ken Geide and [redacted] attended the 3:30p briefing with [redacted] reporting that LEA activities were underway, but that details of investigations could not be divulged. Referral/Consult
- Shift changes may be imminent as a result of manpower stresses at FBI HQ and a reduced need for a person at the IORC based on changes in FBI - IORC information exchange procedures. Decisions on this will be taken at CITAC HQ.

7:00p MSH assumes station, and listens in on the latter part of the change-of-station briefing.

7:30p MSH has an off-line conversation with [redacted]

- The FBI liaison schedule will be reconsidered. Referral/Consult

7:50p MSH calls CITAC HQ and speaks with Ken Geide. MSH authorizes the individual briefing to [redacted] The issue of support to this briefing and to other briefings is also discussed. Mr. Geide said that [redacted] should feel free to call him with any outstanding questions.
